**DETAILED ACTION**

***Response to Amendment***

1. The amendment filed on October 08, 2005 has been considered and made of record.

***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

3. Claims 1-3 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The recited "mounting the plurality of parts (claim 1, line3) seems to be incomplete since it does not recite where the parts are mounted to.

***Claim Rejections - 35 USC § 102***

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) The invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 1-3 are rejected under 35 U.S.C. 102(b) as being anticipated by US Patent 4,347,651 to Inoue et al.

Regarding claim 1, Inoue et al disclose a process for mounting a plurality of parts to a cable (20) comprising: mounting the plurality of parts (17A-B, 18A-F, see Fig. 3) in mounted

positions and in mounted attitudes determined respectively for the parts (See Figs. 6-7), and marking the cable with information (See Fig. 6) for the mounting of each of the pads is before the mounting of the parts (See Col. 2, lines 33-54).

Regarding claim 2, Inoue et al the information comprises a name, the mounting position and attitude of each of the parts (See Col. 1, line 16-19).

Regarding claim 3, Inoue et al disclose marking is carried out at a step of cutting the cable into a predetermined length (See Col. 2, lines 33-41).

6. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by JP Publication 06-223,639 to Yazawa.

Yazawa discloses a process for mounting a plurality of parts to a cable (1) comprising: mounting the plurality of parts (terminal 10 and equipment 11 see Fig. 3) in mounted positions and in mounted attitudes determined respectively for the parts (Fig. 3), and marking the cable with information (See Fig. 1) for the mounting of each of the pads is before the mounting of the parts (See Abstract).

### ***Response to Arguments***

7. Applicant's arguments with respect to claims 1-3 have been considered but are moot in view of the new ground(s) of rejection.

8. Applicant's arguments filed October 8, 2005 (see "Remarks" pages 8-9) regarding rejected claim 1, that Yazawa does not teach the information as marked on the wire 1 is for mounting parts thereto. The Examiner disagrees because in Yazawa the information 2, which provides the

part name and locations of the wire such as mating side for mounting the associated parts thereto (see Yazawa's Abstract).

### *Conclusion*

9. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Donghai D. Nguyen whose telephone number is (571)-272-4566. The examiner can normally be reached on Monday-Friday (9:00-6:00).
